

WHY SO MUCH FEAR OF WESLEY SNIPES BEING A NUWAUBIAN???

The story of this great soap opera just gets bigger and better everyday. Now we have the vultures and hyenas circling the carcass waiting to pounce down and make a feast... such scavengers. It is amazing how much power Sheriff Howard Richard Sills has over the minds of those people. Mr. Rob Peecher and Mr. Rufus Adair jumped like someone put a fire under them on the Wesley Snipes story. They are all hoping and praying that the predictions of the onset of black millionaires ready to take over Putnam County, isn't true. But truth always prevails. Look at how much space they have in the Macon Telegraph, the Nuwaubians make the front page again thanks to Mr. Rob Peecher himself. Panic has set in, fear. Their greatest nightmare is all because they have skeletons in their closets.

If you read the February 16, 2000 A.D. edition of the Macon Telegraph or pull it off the internet, you'll immediately see how Sheriff Howard Richard Sills started his attack against another black man, Mr. Wesley Snipes. Why? Shear fear. The thought of what the media said could happen in Putnam County has a host of people petrified that their dirty laundry is about to be aired out and what is really sad is that it is all true. Mr. David Moreland's book, *"Chicken's Come Home To Roost"* is now circulating in the thousands. Everybody's running around town like chickens with their heads cut off trying to get a copy of the book. And what's best about it is the fact that they are the first to tell you that they recognize all the characters in the book and it is about time. We know that ever since the news broke that Mr. Wesley Snipes was bringing the Royal Guard of Amen Ra to Putnam County, anybody with a 3rd grade education could see the association with Amen Ra and Tama-Re, Egypt of the West. EGYPT PLAIN AS DAY. Now here is the funny part. Their rebuttal was to claim that a spokesperson for Mr. Wesley Snipes name Ms. Hah told them that she doesn't know anything about the Nuwaubians. But all ethnics know about the Nuwaubians. And now more than ever, since reporters like Mr. Rufus Adair and Mr. Rob Peecher have been publishing so many front page articles on them. And what's so funny is to watch these confused and frightened racist trying to interpret Nuwaubic, something they never heard of before. Their education didn't take them that high, so let us set the record straight for you. All Melanites, that is people without recessive melanin, are Nuwaubians.

Mr. Rob Peecher of
the Macon Telegraph

But first we must look at the Arabic word **Nubia** and its another name for the land **Sudan**. For those that don't know, the word Sudan comes from the root of the Arabic language meaning *"black"*. Thus Sudan implies black skin people. Just as Nubian does, Kush does, and even the Mizraimites. But all of these names given are from Semetic roots. The Egyptians didn't use the word Nubian for themselves nor did they use the word Kemet from Ham of the Bible. The Egyptians, the mothers and fathers of all civilizations, used the word Nuwaubians and their language was Nuwaubic. Nuwaubic is a race of people, not an organization. That's the problem, they really think they have us figured out. But they don't have a clue. That's like saying that Rob Peecher, who is not a Caucasian because he does not have blonde hair and blue eyes, belongs to the Caucasian organization. Most Euro-Americans wish they were a part of the white race, that is Caucasian. But if you were not born between the Black Sea and the Caspian Sea in a region called the Caucas Mountains, then you are not really Caucasian. The next thing they'd like to be known is as Europeans. Again, they are wrong because Europeans simply means a native or inhabiter of Europe. If they were not born in Europe, then they are not Europeans. Their next resort is to say they are Americans. But everybody knows that the only real Americans are the Native Americans. That leaves them without a home and without a nationality. If you don't have blonde hair and blue eyes, and born in one of the Scandinavian countries, then you are not a part of the white race. Scientist have proven beyond a shadow of a doubt that the first people on the planet were black skin wooly haired people and all others come from them. This is not faith, belief, philosophy, fiction or assumption. These are the scientific facts. So most of the light skinned people, referring themselves as white with brown hair and brown eyes are no more than mixed mulattos.

And now to address what Mr. Rob Peecher who is also a Nuwaubic by race, like it or not, says in the Macon Telegraph. They don't believe that Wesley Snipes' brother even knows that the Nuwaubians were there. But as usual, Sheriff Howard Richard Sills puts his foot in everybody else's mouth. In the article he added in how Rudy Snipes, who he refers to as Wesley Snipes brother, visited him in his office. Here is the funny part... here is the deceptive part... here is where they try to trick you. If Wesley Snipes' brother came down to Putnam County from the airport, he would have come like everybody else on I-20, turned off of on exit 46 or one of the adjacent exits, came down and turned onto highway 142 and before he'd reach Eatonton where the sheriff's office is, he'd pass by Tama-Re. Anybody could figure this one out. This doesn't take much sense, even for them. They could even figure this one out. But obviously they didn't think before they spoke because in order to get to Sheriff Howard Richard Sills office traveling east on 142, they would have to pass the great Egyptian monuments rising out of the Eatonton soil. They would have to see those big pyramids, and sphinx, statues, flags and pylons. Especially because they are using an Egyptian deity Amen-Ra for the name of their company and they are African-Americans which is obvious by the picture. We hope you can see that. Now try to tell folks, thinking people that is, that they drove past all that stretch of land and didn't see the pyramids. Do you honestly expect us to believe that they didn't see the sphinx, they didn't see Nubians standing at the gates, and Nubians playing outside...their own family.

You racist think you're so smart that you don't see how foolish what you're saying sounds. But we do because we

know your time is up. Let us make you feel better so you can sleep, so your food will digest, and so you won't have to look over your shoulder. Let us play along with your game so that you can rest in peace. Okay. Wesley Snipes is not a Nuwaubian, Denzell Washington is not a Nuwaubian, Jimmy Cliff is not a Nuwaubian, Erykah Badu is not a Nuwaubian, Malachi Z. York is not a Nuwaubian, Thomas Chism is not a Nuwaubian, Stevie Wonder is not a Nuwaubian, and Victor Greig is not a Nuwaubian. We hope this makes you feel better for the moment. Cause anyway you cut this cake, your time is running out. The truth is coming to Putnam County. And the evil demons have got to go. What's sad is that Mr. Snipes has barely got his foot in the door and already the demons are out to get him. One wrote in the Macon Telegraph under **Our Views**, "**Actor Should Clarify Putnam Connections**" and stated "**Whether or not Snipes is affiliated with the Nuwaubians, what is lacking here is an authentic statement from him as to precisely what is going on. If Snipes is serious, and if he seeks the goodwill of Putnam Countians, then he really ought to issue some sort of public statement**" Now wait a minute here! Exactly what does this statement mean. Are you trying to say that in order for Mr. Snipes to have the goodwill of the Putnam County citizens, he has to publicly announce that he is not a Nuwaubian. This statement alone shows that there is really no goodwill in Putnam County. It's all a big front made up by those in charge to keep the blacks in check. Sounds so familiar to us. "**Convey your property Mr. York as sign of goodwill.**" You see the same word "goodwill". Our mistake was in believing them, but now that we see their game we will make sure that Mr. Snipes is made aware of the goodwill of Putnam County, which is for whites to be in charge and the blacks to be suppressed. That's their will and their only will.

They're saying if you want us to like you, you'll do what we say, when we say and how we say. But this is just not how it is or how it's going to be in the 21st century.

They are starting the same game they tried to play with the Malachi Z. York. They get the people against you by making you out to be a criminal. They made up lies and even went to the extent of calling Mr. York a convicted felon, which was later proven to be false. Now they are starting with Mr. Snipes. In the editorial, "**Actor Should Clarify Putnam Connection**", they went on to say "**snipes who was born in New York but grew up in Orlando, is no stranger to playing soldier and spy. In college he took an interest in martial arts. He is also no stranger to controversy. An article several years ago in the Orlando Sentinel reported that in 1993, he was arrested in California for carrying a loaded weapon. A year later, he pleaded no contest in Florida to a charge of reckless driving after allegedly leading a state trooper on a high-speed chase, according to the paper.**" Next they're going to play on people's emotions by instilling fear. They tried to say that the Nuwaubians were stockpiling weapons on their property, but Sheriff Howard Richard Sills himself walked every inch of the property at 404 Shady Dale Rd. and didn't find not one gun. So now with Mr. Snipes they say, "**the prospect of having several hundred armed persons running around the Putnam County countryside is clearly cause for concern if not alarm. However, if real, it would not be the first time a school for fledgling**

Sheriff Howard Richard Sills will stop at nothing to keep successful black men out of Eatonton!!!

James Bond types has been established in Georgia. One operated during the 1970's in Powder Springs, run by a now deceased soldier of fortune named Mitch Werbell." Look closely at this person's selection of words, "a now deceased soldier". What are they trying to say or imply. They mean a bunch of black people running around with legal guns because a bunch of white people are already running around with guns in Putnam County. They are afraid of black people. Why? What have you done to blacks? You see the real fear. We see the game, but we're not afraid of your little threats and it's not going to work.

And in the midst of all this fuss over Wesley Snipes, the officials in town are hiding the fact that they are involved in heavy litigation with the Nuwaubians who have filed a counter suit against them. Discovery requests are being made which include interrogatories. According to the Black's Law Dictionary, an **Interrogatory** is "**a written question (usu. In a state of questions) submitted to an opposing party in a lawsuit as part of discovery**" What does this mean? This means that the plaintiff, in this case the 9 owners of 404 Shady Dale Rd. who should have never been added to case #99CV1-1, are writing every intimate question above and below the sun about the actions, dealings and lives of Ralph Perdomo, Steve Layson, Bob Poole, Sandra Adams, Jimmy Davis And Jerome Dean Adams Sr. And soon we will see discoveries and interrogatories for Attorney Dorothy Jean Adams, Attorney Francis Nearn Ford, Sheriff Howard Richard Sills, Detective Noel Lee Wilson, and Deputy John Harper. Let's see if they can stand the questions. The truth is coming out. You should not have committed all those crimes. So you too will all soon be faced with lawsuits and maybe prison. They are being asked about all the illegal actions that they participated in and allowed to go on as well as their involvement with criminals in town. And if we can get a copy of these discovery requests from the 9 owners, which we're sure we can, we plan to definitely make these questions and answers public. We are going to reveal all the dirt that will be pouring from their own mouths, under oath. Photostat copies of their answers will be distributed to newspapers and television stations across Georgia to show how much corruption can exist in one little town. Questions will not go unanswered, and if they do try to worm their way out of them, we are still going to publish the questions so that everyone in town will know what to start asking these corrupt officials.

Recent evidence has proven that Sheriff Howard Richard Sills was indeed illegally given the right to be the Putnam County code enforcer by the Putnam County Board Of Commissioners. This is just one of many facts that we will not let go unnoticed and unanswered. You thought that you could just break the law, harass the Nuwaubians and get away with it, but there you go thinking for black people again. When will you learn. We are not the average black slaves that you've been use to dealing with for all these years, who don't question your "authority." This is not the old "**Chickens Come Home To Roost**" day. You are dealing with a different group of black people who will not reduce themselves to your level but will take you to the court. We are going to beat you at your own game and we'll even play by the rules.
